

# Capital Markets

Transwestern's Capital Markets teams deliver a higher level of service and return on investment for our clients. Our global reach and resources continue to grow, but our ownership approach to financing and investment services will always be people-driven and client-focused. The way we see it, better is bigger.

## BETTER VALUE CREATION

The trusted advisors in our Structured Finance and Investment Services teams have a broad range of experience and resources, and they work together with the singular focus of creating value for our clients. Our international research capabilities and capital sources are unparalleled, but it is our people who go above and beyond to create the Transwestern Experience.

## BETTER INVESTMENT SERVICES

We have a broad range of experience in the disposition of major product types, held in all ownership structures. A powerful combination of market knowledge, access to global capital sources and highly effective execution capabilities are delivered by our specialists, who transform assets into opportunities.

## BETTER STRUCTURED FINANCE

Our Structured Finance teams apply a highly disciplined transaction process that includes multi-tiered financing solutions and an in-depth review of the credit and capital markets. Our long-term relationships with the world's top financial institutions and investors produce the most competitive rates and terms on financing solutions for new or existing investments.

## 2015 YEAR-END STATISTICS

Investment Services & Structured Finance

 491 transactions

 approximately 4.5 billion
